

ABUL KHAIR
TOBACCO CO LTD.

ABUL KHAIR TOBACCO CO LTD.

Abul Khair Tobacco Co Ltd. is a sister concern of Abul Khair Group. The group was founded on 1953 and the tobacco operation was the founding business of this group. The filtered cigarette operation started on 1997. Over the years, the business expanded into other categories. The tobacco division is divided into two parts: one is tobacco growing and processing for domestic use and export to various countries, and the other is cigarette manufacturing and selling to the domestic market.

CIGARETTE MANUFACTURING OPERATION

We have a world-class manufacturing facility for cigarettes. Our cigarettes are produced using the latest international technology and machinery, covering primary processing, cigarette making, and packaging operations.

We have our own in-house facilities to produce cigarette filters, foil lamination and embossing, plug wrap slitting operations, and cigarette tipping printing. Packaging materials for our branded cigarettes are printed in-house through both the offset printing process and Bobst Lemanic ten-color gravure printing lines.

PMD - LAMINA PROCESSING LINE

Machine Supplier: Kunming Shipbuilding
Equipment Company (KSEC)

Lamina Processing 4800 KGs / Hour

Machine Supplier: HAUNI KT4
Lamina Cutter 6400 KGs / Hour

PMD - STEM PROCESSING LINE

Machine Supplier: Kunming Shipbuilding
Equipment Company (KSEC)
Stem Processing 2000 KGs / Hour

We have four silos to blend and store the Cutrag.

PMD- STEM PROCESSING LINE (CUTTER) **CONTINUED...**

Machine Supplier: HAUNI KT4
Stem Cutter 2500 KGs / Hour

PMD - CUT RAG PACKING (OXYLOW PACKING SYSTEM)

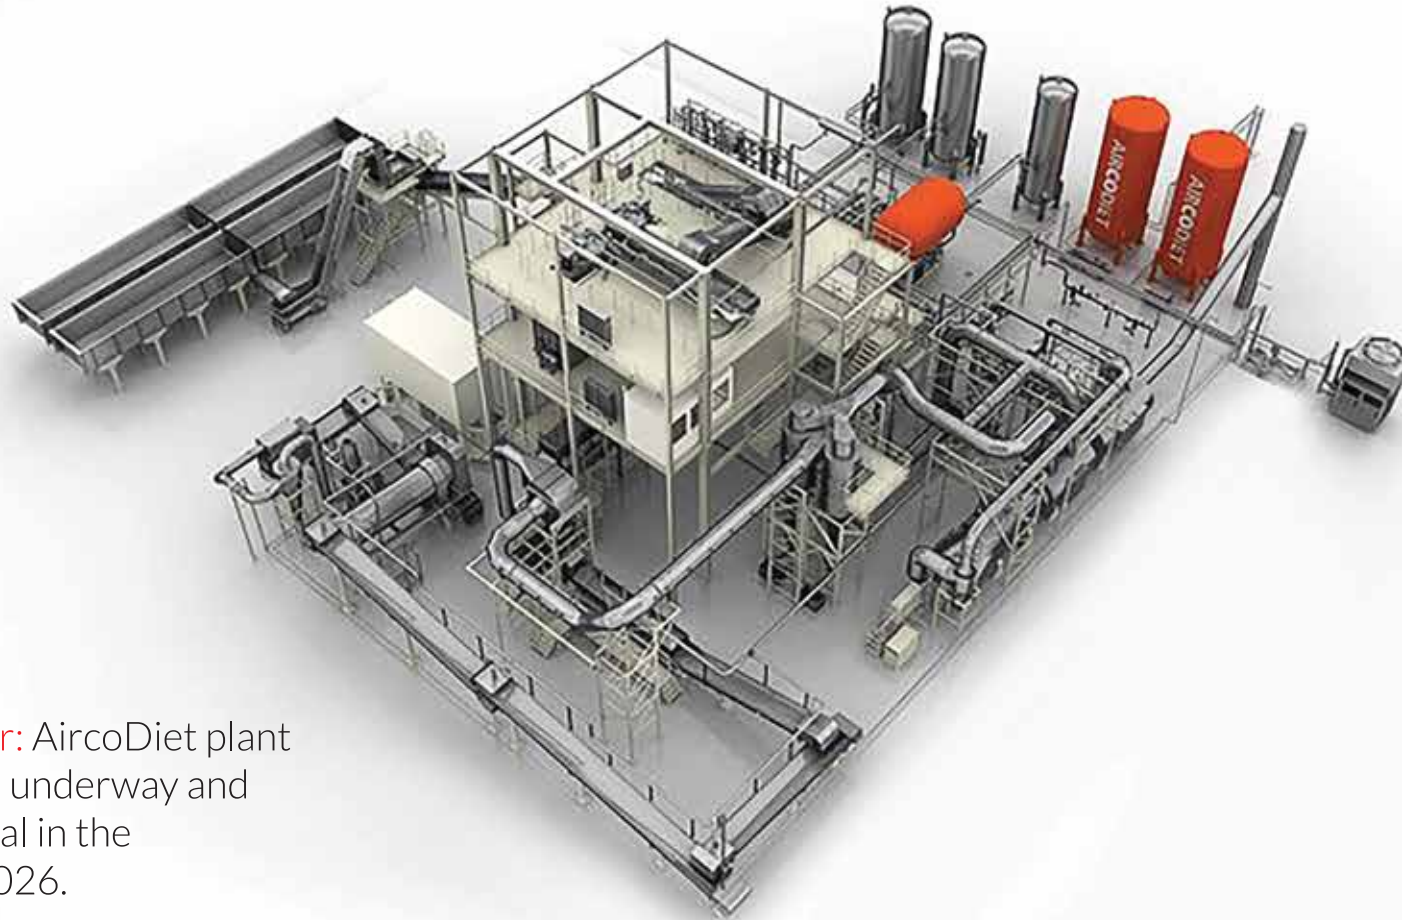

Machine Supplier: Oxylow
Capacity 30 Cases / Hour

PMD - RECONSTITUTE TOBACCO PROCESSING LINE

Machine Supplier: Yichang Reconstitute Tobacco Company
Capacity 200 KGs / Hour

PMD - DIET PLANT

Machine Supplier: AircoDiet plant manufacturing is underway and will be operational in the 3rd quarter of 2026.

Capacity 1200 KGs / Hour
